[Rig Veda España](#)

The other portion of the Vedas came to be called Jnana Kanda, the knowledge section. It is also called Vedanta or Upanishads. The Upanishads showed that while rituals are useful tools for self-purification, they could not give total fulfilment and freedom. Real freedom can come only from looking within, and realizing our own divine nature. Thereby we conquer death and attain immortality. The principal Upanishads are ten in number.
